Peak Oilfield Service Company, Anchorage, AK; Notice of Revised Determination on Reopening

On August 30, 1999, the Department, on its own motion, reopened its investigation for workers and former workers of the subject firm.

The initial investigation resulted in a negative determination issued on April 13, 1999, because the workers provided a service and did not produce an article within the meaning of Section 222(3) of the Trade Act of 1974, as amended. The workers were engaged predominately in service and support activities indirectly related to the production of crude oil. The notice was published in the **Federal Register** on May 11, 1999 (64 FR 25371).

New information provided by the company and a customer of the subject firm revealed that the workers are engaged in activities directly related to production of crude oil.

The investigation also disclosed that the subject firm performed oil field operations for major crude oil and natural gas customers who marketed their oil and gas through the normal distribution channels. The subject firm has been impacted by the high penetration of imports in this market.

The investigation further revealed that U.S. imports of crude oil increased absolutely in the twelve month period ended May 1999 compared to the corresponding twelve month period ended May 1998. The ratio of imports to domestic shipments for crude oil was approximately 139% during the twelve month period ended May 1999.

Conclusion

After careful consideration of the new facts obtained on reopening, it is

concluded that increased imports of articles like or directly competitive with crude oil produced by the subject firm contributed importantly to the decline in sales and to the total or partial separation of workers of the subject firm. In accordance with the provisions of the Trade Act of 1974, I make the following revised determination:

All workers of Peak Oil Service Company, Anchorage, Alaska who became totally or partially separated from employment on or after January 27, 1998, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 16th day of September 1999.

Program Manager, Office of Trade Adjustment Assistance.
